WILL BATTLE AGAINST LIQUOR NEXT YEAR

Georgia Anti-Saloon League Will Go Before Voters.

ORGANIZATION IS NOW EFFECTED

Movement, Though Young In Georgia, Is Being Pushed With Energy and Faith in Final Success, Says District Superintendent Richards.

Atlanta, June 25.—A fight for state prohibition in Georgia is to be precipitated next year by the state Anti-Saloon League declares District Superintendent G. B. Richards, in a statement given to the public Saturday morning. He says:

"There have been a number of inquiries coming in lately as to what the Anti-Saloon League is, and what it is doing. While we have given out statements through the press several times upon this question we will continue to do so, cheerfully, that it may be instrumental in educating the classes upon the mission of the league in Georgia.

"The league aims at the present repression and ultimate suppression of the liquor traffic, and to this end invites all who are in sympathy with the movement to unite with us, regardless of denominational or political affiliation. It is the church in action against the saloon—a clearing house, if you please, through which churches, societies and individuals do business for humanity.

"The league pledges itself to avoid [illegible] any political party, and the Pres[illegible] attitude of neutrality for these se[illegible] of public policy not The first [illegible] with the traffic [illegible] drink. It is interdenominational in that it is made up of bodies of every known faith and order who are willing to take a hand in a concerted action against the evils of the rum curse. The platform of the Anti-Saloon League is broad enough and strong enough to accommodate every patriotic citizen of the nation.

"Now, as to what the league is doing—time and space forbid telling you what has been done within a decade, in forty other states where it is organized, in some instances so well organized as to dictate to the officeseeker how he shall get in, and then as to how he shall conduct himself as to matters pertaining to the liquor traffic after he gets in.

"Since the organization was completed in January of this year, when Dr. J. C. Solomon was commissioned state superintendent, the work has moved steadily and cautiously, but surely, until now, within six months organizations exist in twenty counties. More than seventy churches have allowed Dr. Solomon and his co-workers the opportunity to preach the gospel of temperance reform, as advocated by the Anti-Saloon League, and without an exception have pledged their co-operation and support. Some of them very heartily endorsing the movement.

"We have sent out several thousand pages of Anti-Saloon League literature and have written more than two thousand personal letters to ministers of the gospel, legislators, county officials and other prominent citizens, informing them of our plans of work, and gathering from them facts and figures out of which we are making the warp and woof of a great robe of civic righteousness soon to adorn this grand old state of ours. Letters are coming into this office every day from numbers of legislators, promising us to stand by the bill we introduced at last session of the general assembly looking to the further restricting the sale of liquors in dry counties.

"It is very satisfying to note the readiness, and even anxiety, upon the part of some of the people over the state to co-operate with us in this one movement alone, the attempt to rid the dry counties of the curse of the jug train. With the small means at hand the Anti-Saloon League has done a wonderful work of organizing so far, and it is hoped that we shall have [illegible] that aid and co-operation of the people of Georgia that will mark the next six months of our work with a much greater degree of success. We are going to organize this old state as rapidly as possible, knowing full well that, as do other states, when we shall command others, will obey. As it now is, the liquor gang commands and the rest of us obey.

"Citizens of Georgia, rally to the support of this movement, help us with the work and as sure as truth is sure, you will see a great change of conditions in the state in a comparatively short while. We have been pressed by a number of our citizens to bring on a prohibition election right away. I am authorized by the state board to say that nothing of the kind will be done now, but rather we ask every true, patriotic citizen to come to our help and assistance in our effort to bring on a state election next year.

"Hope you will rally to the support of Judge Hammond, Dr. Solomon and the rest of the state board in their efforts to bring about this condition of things in Georgia."

WAR BREAKS OUT IN LUMBER CAMPS

Nicholas County, West Virginia Scene of Trouble.

FOREIGN LABORERS THE CAUSE

Armed Americans, Who Were Displaced by Foreigners, Declare They Will Not Permit Aliens to Return to Work.

Cincinnati, June 25.—A Clarksburg, W. Va., dispatch says that war has broken out in the lumber camps at Tioga, Nicholas county, on the Cranberry river, between American and foreign laborers. The trouble originated over the displacement of Americans by foreigners in good positions.

When the Americans were ousted they resorted to their fire arms, and the result was that a pitched battle was fought between the two factions which resulted in the death of one of the foreigners and the fatal wounding of another. Several were slightly hurt.

The news spread through the mountain regions like wildfire.

Camden learned it first and having had similar experiences with the foreign element, 100 men armed with their rifles had started across the mountains to aid the Americans.

The foreigners had pickets watching and sighting the advancing men, gave the alarm and nearly all of the foreign element of Tioga fled to Richwood, 16 miles away, for safety.

The Camden men arrived later in the day and offered their services, but as the foreigners were gone, no disturbances occurred.

The Americans threaten to annihilate any band of foreigners they may see. The mill owners have determined to assist aliens, but as they are all leaving, the help will avail them nothing.

The Americans declare they will not permit the foreigners to return to work. The mill owners aver, they will discharge every man who interferes and fill his place with a foreigner. More trouble is expected.

Grain Elevators Destroyed.

Chicago, June 25.—The Malblatt elevators A and B, located at Archer avenue and Wood street, were destroyed by fire Saturday. Both of the buildings were four-story structures, and contained 100,000 bushels of grain. So great was the heat that three adjacent buildings were destroyed and 25 families were driven from their homes. Several explosions which shook th surrounding buildings followed soon after the fire was discovered. Spontaneous combustion in the dust room is supposed to have been the cause of the fire. The loss to the elevators and their contents is estimated at $250,000.

CLEMENCY ASKED OF GOVERNOR

Nine Prominent Men on Mercy Mission to Montgomery.

Montgomery, Ala., June 25.—Friday was a very busy one for Governor Jelks, who spent much of it in hearing pleas for clemency of men accused of crime and convicted in the state.

The capitol commission was in session at noon, and the state military board held a meeting to figure on the transportation and other matters pertaining to the encampments of the regiments which will take up the rest of the week in good way.

There was a crowd of nine here from Monroe county, seeking a pardon or commutation of sentence for Sonnie Coker, a young negro under sentence of death in that county for assault upon a young girl of his own race. They made a great impression on the pardon board and the governor, and it is thought the negro will be commuted to life imprisonment. The Monroe county party was made up as follows: J. B. Slaughter, probate judge; J. L. Marshall, tax collector; Q. M. Salter, editor of the Monroe Journal; M. M. Fountain, sheriff; L. J. Bugg, W. G. McCorvey, J. B. Barnett, C. W. Jackson, J. W. Fore. One of the books found in Melnik's possession was a work treating of conditions in Siberia. Gen. A. IN DAYLIGHT ROBBERY COMMITTED

Homes of Mrs. Annie Brown and W. H. Palmer Were Looted.

VALUABLE JEWELRY TAKEN

Robbers Entered Home of Mrs. Brown While She Was at Sacred Service, and Col. Palmer While Himself and Family Were Dining Out.

Robbers are boldly working—or at least have been boldly working, in Gainesville and North Gainesville for the past two or three days, with the result that the citizens are "shy" on their belongings.

On Sunday, while Mrs. Annie Brown was at church, some person entered her home through a rear gate, forced open a window and went into the house, securing a gold watch, two gold rings, and other articles of jewelry. This was a bold effort, since that section of the city in which Mrs. Brown resides is thickly populated, and the robbery occurred between 10:30 in the morning and noontime.

Mrs. Brown, who was seen Monday, verified the report that her home had been robbed. She stated that the party who committed the deed opened the rear window and went through the dining-room into her bedroom, and there secured the jewelry. The party or parties attempted to open a desk, as was evidenced by the defacing of the same, but failed. They also went into her trunk, evidently looking for money, but finding nothing other than a souvenir Columbian half-dollar, left it.

In the afternoon the home of Col. and Mrs. W. H. Palmer of North Gainesville was robbed, while the family was visiting relatives, the thief taking away a gold watch and chain, other jewelry, and cigars belonging to Colonel Palmer. The thief entered the home in the same manner as in the case of Mrs. Brown, through a window.

This was indeed a bold robbery, occurring in the daytime, and at hours when the culprits were most likely to be detected.

BOARD OF PUBLIC WORKS

Suggest That All Sidewalk Work be Placed Under The Supervision.

To the Property Owners of the City of Gainesville:

The Board of Public Works desires to call the attention of the property owners on East Main street, which has been ordered paved by the City Council with granolithic sidewalks, to the great advantage, both to the property owners and the city, of turning all such work over to the Board to be done under its official supervision.

The Board advertises for thirty days for sealed bids for each contract, and lets the work to the lowest responsible bidder, requiring a good and sufficient bond for the faithful performance of the work. All the work is inspected and passed upon by the Board before the property owner is called upon to pay for same; and if any work is found defective, out of grade, or in any way failing to conform to specifications, the contractor is required to tear it up and relay it at his own expense. In this way the Board stands between the property owner and improper or out of grade sidewalks.

Again, the walks laid under the Board's contract are all of uniform grade, and an entire street so laid presents a symmetrical and pleasing appearance, impossible where different parts of the street are laid by different parties.

The property owners, therefore, will find it greatly to their advantage every way not to contract for this work for themselves, but to turn it over to the Board to be done under its contracts, and under the official supervision of a competent engineer. The Board guarantees that all such work will be done at the very lowest prices consistent with good and durable work.

BAIRD IS PLEASED.

Insured Mule for $350, and Got Money in a Few Days.

E. J. Baird, manager of the Baird basket and crate mill in South Gainesville, is happy over the fact that he has secured from the Florida Live Stock Insurance Company the value of a mule which he insured in that company.

Mr. Baird insured the mule, with the assurance that he was to receive three-fourths value in case of the animal's death. The mule died five days after the policy had been issued, and four days after death a warrant for the amount insured was turned over to the owner of the animal.

This is certainly a big thing for the owners of stock in Florida, or anywhere else for that matter. It insures the poor man as well as the rich ones against loss from death of stock, and is considered a blessing to owners of horses and mules, which are very valuable at this time.

W. G. Richardson is the agent and manager of the Florida Live Stock Insurance Association in this section, and may be addressed for particulars.

CHILD'S AWFUL SKIN HUMOR

Screamed with Pain—Suffering Nearly Broke Parent's Heart—Twelve Years of Misery—Doctor Called Case Incurable—Helped from First, and

SPEEDILY CURED BY CUTICURA REMEDIES

"I wish to inform you that your wonderful Cuticura has put a stop to twelve years of misery I passed with my son. As an infant I noticed on his body a red spot and treated same with different remedies for about five years, but when the spot began to get larger I put him under the care of doctors. Under their treatment the disease spread to four different parts of his body. The longer the doctors treated him the worse it grew. During the day it would get rough and form like scales. At night it would be cracked, inflamed, and badly swollen, with terrible burning and itching. When I think of his suffering, it nearly breaks my heart. His screams could be heard down stairs. The suffering of my son made me full of misery. I had no ambition to work, to eat, nor could I sleep.

"One doctor told me that my son's eczema was incurable and gave it up for a bad job. One evening I saw an article in the paper about the wonderful Cuticura and decided to give it a trial.

"I tell you that Cuticura Ointment is worth its weight in gold; and when I had used the first box of Ointment there was a great improvement, and by the time I had used the second set of Cuticura Soap, Ointment, and Resolvent my child was cured. He is now twelve years old, and his skin is as fine and smooth as silk. (signed) Michael Steinman, 7 Sumner Avenue, Brooklyn, N. Y., April 16, 1905."

Complete External and Internal Treatment for every Humor, from Pimples to Scrofula, from Infancy to Age, consisting of Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60), may be had of all druggists. A single set often cures. Potter Drug & Chem. Corp., Sole Props., Boston.

FOR MISS WILCOX.

Miss Alta Pearson Give Party for Her In Ocala Tuesday.

The Ocala Banner has the following to say regarding a party given complimentary to a Gainesville young lady, who is now visiting the Brick City:

"On Tuesday evening at the home of her parents, Mr. and Mrs. John W. Pearson, on Fort King avenue, Miss Alta Pearson entertained complimentary to Miss Mamie Wilcox of Gainesville, who is the guest of the Pearson family. Miss Pearson entertained her guests with the popular game of "forty-two," there being ten tables, and the game was played progressively.

"Assisting the hostess was Mrs. Pearson, Miss Meta Jewett, Miss Louise Gamsby and Mrs. C. V. Miller.

"The young ladies' prize was tied for by several, and on the cut was won by Miss Alice Bullock. It was a pretty little chatelaine mirror, and Miss Bullock presented this pretty souvenir to the honor guest. The young men's prize was a pretty pen sketch, the work of the hostess, and was won by Mr. Howard Walters. The score cards, dainty pen sketches, were also the work of Miss Pearson.

"After the games refreshments were served and during the evening Miss Scott and Miss Bullock sang. Miss Easterling of Montezuma, Ga., played several selections and Misses Mervin Ray and Eileen Brocken of Palatka recited several delightful pieces.

"Miss Pearson's guests were the following: Misses Mamie Wilcox, Eloise Miller, Grace Hatchell, Louise Scott, Alice Bullock, Annie Mathews and her guests, Eileen Brocken and Mervin Ray, Maragret Walters, Loca Mae Easterling, Louise Harris, Anna Mixson, Anna Atkinson, Edna Dozier, Fannie Rogers, Beatrice Sinclair, Florrie Condon, Leafy Sylvester and Victoria Rayser, Messrs. Taylor, Emmett Robinson, John Pelot, Harvey Clark, James Taylor, Ralph Robinson, Sam Teague, Dr. Dozier Leitner, Mr. Chas. Stillwell of Silver Springs, and Mr Bocper of Tampa.

AN INTERESTING SERVICE.

List of Elders and Deacons Who Were Installed at Presbyterian Church.

The morning service of the First Presbyterian Church Sunday was of unusual interest, since Messrs. Geo. S. Merchant and W. B Higdon were ordained as ruling elders, and Messrs. L. C. Smith, E. D. Turner and A. L. Vidal were installed as deacons.

The Presbyterian church is almost alone among religious bodies in having regularly ordained officers, besides ministers, as an essential part of the government of the church. The people choose all their officers, who are dedicated to their appropriate work by prayer and the laying on of the hands of the session. The officers, who are chosen for life, or until they are called to higher offices, bind themselves by sacred engagements and enter into covenant with the congregation to support each other in the Lord's work.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A SOCIETY EVENT.

Misses Miller Entertain in Honor of Their Guests from Georgia.

A most delightful pillau was another number added to the social functions of our young society people, when Misses Bessie and Carrie Miller entertained in honor of the Misses Edith and Clyde Lott and Bessie and Ethel Dunn, of Waycross, Ga., who are guests of the Misses Miller.

There was a large crowd of young people, and the entertainment was one out of the ordinary, being a pillau, and the exercises being held in the yard.

The pillau was prepared by Robt. L. McKinstry and John Carlisle, and it was pronounced by connoisseurs to be "the best ever." At any rate, it was thoroughly enjoyed, and the guests were full of appreciation, and pillau, when the party returned to the evening pastime of games.

There were about sixty in attendance, and Miss Mabel Voyle, in her usual charming manner, assisted the Millers in entertaining. The yard was appropriately arranged for the occasion, there being many bonfires and lanterns, which made a most striking effect. The evening was passed in games, and all present greatly enjoyed the occasion, also appreciating the opportunity to meet the young ladies in whose honor the affair was given.

The Republican office-holders in Washington hope to see the government inspect the boarding houses of that city and see what goes into the hash.

Mr. Tillman says they have gotten a great deal of light in their four days' hearings on the rate bill, but the trouble with it has been that so much of it was "gas" light.

The new Swedish minister of foreign affairs rejoices in the euphonious cognomen of Trolley. He ought to be up-to-date on current events, if he doesn't get his wires crossed.

The sundry civil appropriation bill contains an item of $25,000 for the traveling expenses of the President, his attendants and invited guests, so the railroads will not have to furnish free trapeportation in future, as in the past.

Among her numerous other possessions, Gainesville has her full share of old bachelors, although they are by no means the past-redemption kind. Just why these men travel alone is not quite clear—especially to a goodly number of the tender sex.

Government ownership of railroad, telegraph and telephone lines is demanded in a resolution adopted at the late Democratic State Convention held at Yankton, S. D. Who ever heard of a Republican convention demanding any rights for the people?

Let everyone keep hustling to improve the appearance of their streets and lots. Keep all kinds of rubbish off the streets and sidewalks, and see that your houses, fences, etc., are neatly painted. There is nothing that helps the looks of a town and induces newcomers to settle in it more than neatly-painted houses and fences, neat and tidy streets and sidewalks, and fruit and shade trees on your lots. Let all see what you will do for the benefit of Gainesville.

THE NORTH TO THE SOUTH.

One of the most touching and patriotic events known between Northern and Southern soldiers of the Civil War has just transpired in the dedication of a monument to the Confederate dead in Madison, Wisconsin, and The Madison Democrat of the 19th inst. has the following beautiful tribute to the occasion:

"An event so noteworthy as to take on national significance was the dedication of a monument commemorative of the heroism of the 139 dead in Confederate Rest. For heroes they were, or they would have accepted terms of exchange rather than languish in Camp Randall. They loved their customs and traditions, their families and friends, their homes and their Southland; yet of such intrepid red was their blood that they dragged out miserable days and left their bodies to burial in what was then alien soil. Much they endured; little they complained. Recant, even in the slightest degree, never! But the history of the world is the record of heroic deed and fortitude. The chapter on surrender is brief and void of poetry. So the valorous squad of Camp Randall, whose sepulcher, Confederate Rest, is an honor to Madison and one of the sacred spots of the nation, lives in the page of history that is always bright and warm.

"To the other heroes, whose names are not yet recorded because they still live, who, with heads bare and bowed, with the soft voice of affection paid the tribute and handed over to the world the enduring shaft all honor is due. So beneficent an act is seldom recorded; such magnanimity is too rarely witnessed. Surely, there is a strange freemasonry among the brave. Conviction, not argument, is the standard. The spectacle of two scores of veterans, grizzled, halting, many decrepit from age and the miseries of many campaigns, dedicating a monument to the glory of their late foes, was more than beautiful. It marked an epoch in the wide field of brotherly love."

Senator Morgan of Alabama was last week celebrating his 82nd birthday and will see his thirtieth year of consecutive service in the Senate end on March 5th. He is the third oldest member in point of service, the two ahead of him being Allison and Hale, both New England Senators, and his only equal in years is Pettus of Alabama, a man from his own State, showing that the South appreciates consistency of service. Senator Morgan, while he is one of the old men of the Senate, is almost as active as a man of fifty and he last week delivered a two-hour speech on the subject of the Panama canal and did not tell half that he knew about the subject. He has been in the Senate since just after the reconstruction days, and has headed the Committee on Foreign Relations and altogether is one of the men that the Senate on both sides is glad to honor and looks up to for his experience and his purity of motive no matter how they may differ from him on party questions.

The name of Gainesville stands for a picture in the minds of all who have lingered even for a few fleeting days within the charm of its woing beauty. It stands not alone as a pleasant picture, but as the future ideal to its own loyal citizens. It is unique among its sisters as an ideal city of homes, even as the county is unique for its wealth, fertility and manifold attractions.

Those Senators who assured Senator Platt that the express amendment to the rate bill would "go out" in conference have certainly misled the old man, but not being of the strenuous type of statesman he has called no one a liar.

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of small and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

The impossibility of changing the destination of immigrants from Europe after they have landed on the shores of the United States having been practically demonstrated to Southern States immigration bureaus, a broader and more feasible plan of campaign is now being worked out with the idea of bringing white labor to the South. It is now probable that the splendid opportunities of the South will be brought to the attention of the foreigner in some effective way before he shall have purchased his ticket for America. Agents will be sent among the discontented people of Europe, literature will be distributed in large quantities, and the joys of the Southern States to the man who really tries will be advertised in various ways. Good results should follow.

We have residing in the southern suburbs of our town a young man who, if reports are true, is wonderfully and fearfully made. His doctor said he had an iron constitution, his friends said he had nerves of steel, his uncle that he had a wooden head, the girls said he had a heart of stone, his enemies declared that there was more brass to him than anything else, others declared he had lots of sand, while his admirers declared he was all wool and a yard wide.

The American workingman ought to be ineffably happy, if it is true that the corporations are all his friends. With the sugar trust to sweeten his drinks, the tobacco trust to sooth his nerves, the beef trust to feed him, the coffin trust to bury him, the insurance trust to look after his widow and orphans, and a thousand miscellaneous trusts making love to him day and night, he is better off than even Tam O'Shanter.

It is stated that within the eighty-six years of its existence the order of Odd Fellows has helped over 2,500,000 of its members in time of need, relieved more than 200,000 widowed families, buried nearly an equal number of its honored dead with all the honors and ceremonies of Odd Fellowship and to do all this has involved the outlay of over $68,000,000, which has been cheerfully contributed to the noble work.

"Favorite Prescription" is the only medicine for women, the makers of which are not afraid to print their formula on the bottle wrapper, thus taking their patrons into their full confidence. It is the only medicine for women, every ingredient of which has the strongest possible endorsement of the most eminent medical practitioners and writers of our day, recommending it for the diseases for which "Favorite Prescription" is used. It is the only put-up medicine for women, sold through druggists, which does not contain a large percentage of alcohol, so harmful in the long run, especially to delicate women. It has more genuine cures to its credit than all other medicines for women combined, having saved thousands of sufferers from the operating table and the surgeon's knife. It has restored delicate, weak women to strong and vigorous health and virility, making motherhood possible, where there was barrenness before, thereby brightening and making happy many thousands of homes by the advent of little ones to strengthen the marital bonds and add sunshine where gloom and despondency had reigned before.

Wants Law on Insurance Case.

Albany, N. Y., June 25.—Deputy Attorney General Graham appeared before Justice Fitts in the supreme court Saturday and asked the court to determine whether the Philippine Islands were a part of the United States within the meaning of the insurance law of the state of New York, which makes it compulsory for foreign insurance companies to make a deposit with the state superintendent of insurance of this state for the protection of their policy holders in the United States.

Brown, the 18-year-old foreman of the Western and Atlantic railway coal chutes.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended, but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HURLED WIFE INTO ERIE CANAL.

Then he Ran Away with the Woman He Loved.

Cleveland, Ohio, June 25.—Charged with the murder of his wife and having made a complete confesion to the local police, William Brasch, of Rochester, N. Y., was arrested here Friday.

With Brasch there was arrested Mrs. Mary Gilmore, with whom he is alleged to have eloped.

The body of Brasch's wife was found in the canal at Rochester last Tuesday and suspicion was at once turned to her husband, who had disappeared. Brasch confessed to the murder to the local police, the latter said, and told them that he killed his wife because of love for the Gilmore woman. The latter is a widow about 23 years old.

Brasch told the police how he had lured his wife to the banks of the Erie canal and hurled her in. He said his courage failed him three or four times, but he finally nerved himself and struck the woman a violent blow in the back with his fist.

"When I heard the slash I ran," he said.

"Yes, I am William Brasch," he said to Police Chief Kohler.

"I know what you want me for. I did it. I killed her because I loved Mary Gilmore. It seems to me I have always loved her. I did not want to marry Rexana, but I was forced into it, so I killed her. It was the only way I could get rid of her."

The three-year-old daughter of Brasch was with the couple when they were arrested in a rooming house. Both Brasch and the Gilmore woman will be taken back to Rochester.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant, U. S. A., of Rural Route No. 1, Concord, N. Settle Question of Long Standing.

Washington, Jun e25.—A question of long standing was settled at Friday night's meeting of the International Steel and Copper Plate Printers' union, when resolutions were adopted declaring that it would be detrimental to them to affiliate with any union of plate engravers, until all the local unions of that trade are amalgamated under the banner of the American Federation of Labor. The resolutions also urge a consolidation of the plate engravers, in order that the members of the two trades may co-operate in trade lines.

How to Break Up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse water discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's Cough Remedy is taken every hour on the first appearance of these symptoms, it counteracts the effects of the cold and restores the system to a healthy condition within a day or two. SKIN DISEASES

FIERY ACIDS IN THE BLOOD

All skin diseases are due to the same cause—an excess of acid in the blood caused by faulty assimilation of food and poor bowel action; this fiery acrid matter is forced to the surface through the pores and glands. Pustules are formed, discharging a sticky fluid which dries and makes a crust, causing intense itching. When the crusts or scabs are scratched off the skin is left raw and bleeding. Sometimes skin diseases are in the dry form, and bran-like scales come on the flesh, or the skin becomes hard and dry, often cracking, and the painful itching causes acute suffering. It does not matter how the trouble is manifested, the cause is the same—an excess of acid in the blood. Salves, powders, cooling washes, etc., while they relieve the itching and give the sufferer temporary comfort, cannot cure the trouble because they do not reach the acid laden blood. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable and one which acts directly on the blood with a cleansing, healing effect. S. S. S. neutralizes the acids, and purifies the blood so that the skin instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. Special book on Skin Diseases and any medical advice desired will be furnished without charge.

Dear Sirs—My body broke out with a rash or eruption which in spite of all efforts to cure continued to get worse. The itching, especially at night, was simply terrible. I had tried many highly recommended preparations without benefit, and hearing of S. S. S. determined to give it a fair trial, and was inexpressibly delighted when a few bottles cured me entirely.

W. S. Dorsey & Co. are among the most progressive grocers in Florida, and are always alert not only to the best in wares for their customers, but to the best and most modern methods of doing business in the neatest and quickest time. This firm recently installed a fine power coffee mill. Not content with this, their business seemed to demand a more modern or larger cash register, with the result that one was ordered, and, to use the expression, it is as "bright and as handsome as a new-born babe." This register is one of the latest put up by The National Cash Register Company. It contains nine separate registers under one cover, and is a book-keeper in itself. The firm has received many compliments on this new possession.

Miss Clem Hampton and Miss Irene McCreary left Sunday for Baltimore, form whence they expect to sail in a day or two for an extended tour abroad. There will be about twenty-five in the party, which will be conducted under personal direction of Dr. Fighe of Asheville, State Superintendent of Schools of North Carolina. The party will sail direct for Bremen, Germany, and will visit several important cities of that empire. From Germany they will go to France, thence to Switzerland and Italy, thence to Austria, where many places of interest will be visited. The party expects to be absent about two months. Friends of Misses Hampton and McCreary trust they will have a beneficial and interesting trip, which will no doubt be the case.
